Dear Hiring Team,

I am writing to express my enthusiastic interest in the Frontend Developer position at Micro1.

With over a year of hands-on experience building real-world web applications, a strong foundation in modern frontend technologies, and a proactive approach to learning, I am excited to contribute to your team and grow within your organization.

Over the past year, I have worked as a freelance frontend developer, where I led the development of a mini web platform connecting clients and service providers—similar to Fiverr—using **React, Firebase, and Tailwind CSS**.

This experience taught me how to build responsive, interactive, and database-integrated web apps from scratch. I also developed a custom **admin dashboard** using Firebase Cloud Functions to monitor real-time updates, and integrated image upload functionality with Firebase Storage.

Before transitioning to freelance work, I completed a **9-month mentorship program** under the guidance of a senior developer with 20 years of experience. This immersive experience greatly enhanced my understanding of software development workflows, component-driven architecture, and best coding practices.

My core technical skills include:

- **HTML5 & CSS3 (Tailwind)** – Clean, semantic markup and responsive design principles
- **JavaScript, React, and Remix.js** – Dynamic user interfaces and SPA development
- **Node.js, Express, Firebase, MongoDB** – Backend development and cloud integration
- **Version Control:** Proficient in Git and GitHub
- **Soft Skills:** Problem-solving, adaptability, communication, and a constant eagerness to learn

I take pride in staying up-to-date with the latest industry trends and enjoy exploring new tools and frameworks to enhance my workflow.

I believe my self-driven attitude, real-world project experience, and collaborative mindset would make me a valuable addition to your development team.

Thank you for considering my application. I would be excited to bring my passion and skills to Micro1 and contribute to your ongoing success. I look forward to the opportunity to discuss how I can be a great fit for your team.
